Advantages of Participation in the Junior Lifeguard Program

- An informative program which prepares those who may pursue lifeguarding when they reach the age of 16.
- Participants will be provided general information in the areas of first-aid, CPR, pool safety and rescue techniques.
- Step by step skill development of keeping safety first in all activities presented.
- Participants develop teamwork, friendship, camaraderie amongst each other as well as self-respect within the boundaries of good, clean fun.
- Participants become physically conditioned.
